ONTARIO AEROSPACE COMPETITION

Sponsorship Package

ERINDALE PARK - OCTOBER 19TH, 2023

Event Goals & Overview

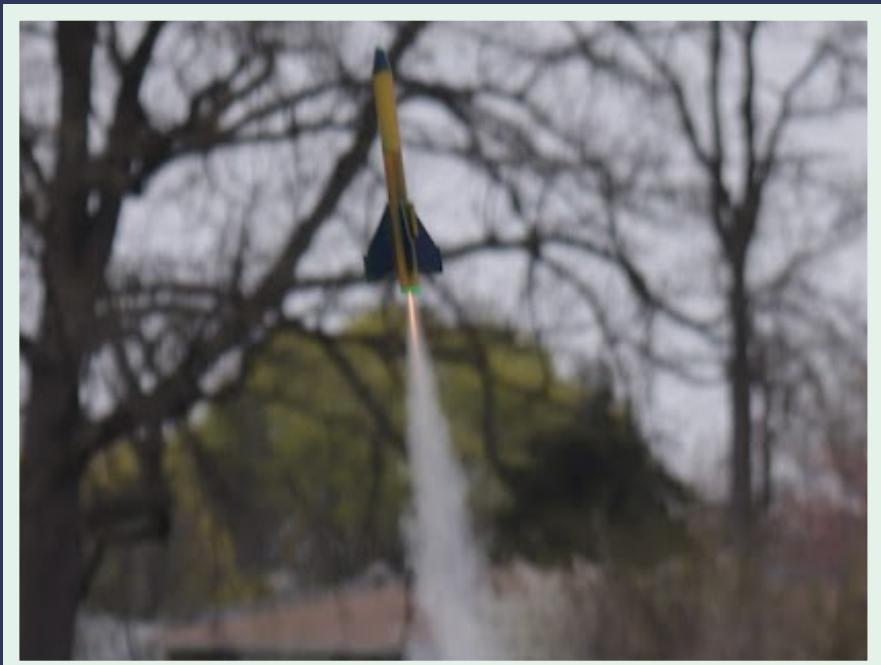

Event Overview

The Ontario Aerospace Competition is an event being run on **October 19th, 2023** in Mississauga, Ontario. It aims at inviting high school students to team up (2-8 participants per team) and construct an RC vehicle (plane, drone, or car) or a model rocket that achieves a certain goal they decide on. Teams will then present and demonstrate their creations and judges will decide which teams win the competition. Teams will be ranked based on their team synergy, engineering design process, and the vehicle demonstration. During the event, booths will also be in place to run educational workshops set up by clubs from The Woodlands S.S., as well as for sponsors to promote their services. Finally, there will be an air show where RC pilots show off their flight skills paired with a model rocket demonstration coordinated by the Woodlands Aerospace Club.

Why Sponsor Us?

- Helps introduce aerospace to a much younger demographic than usual (model aviation and events regarding the aerospace field are almost completely inaccessible for teens in Canada)
- Gives students who couldn't participate in STEM events/competitions (due to COVID) an opportunity to experience the aerospace/mechatronics field
- Helps better connect your organization to individuals in high school as well as all the spectators (all age groups) attending

Picture of a 3D-Printed model rocket launched by the Woodlands Aerospace Club (the primary organizers of this event) on April 28th, 2023

Event Details

List of Expenses

- **Air Show Aircraft - (\$1240.00 CAD)**

- Purchase of 4 RC planes and 5 rockets to perform an RC airshow during the event

- **Event Booths & Activities - (\$525.00 CAD)**

- RC cars for a mini racing competition
 - Model glider workshop booth made by us + club/sponsor booths
 - Other fun activities for event attendees (ex. raffles, sponsor scavenger hunt)

- **Educational Tools - (\$250.00 CAD)**

- Running free video tutorials for amateur teams throughout the summer to help bring more people in to compete - involves building basic RC vehicles

- **Prize Money - (\$750.00 CAD)**

- Awards for winning teams (1st, 2nd and 3rd place)
 - Mainly to generate incentive for participation, as building RC vehicles can be costly

Event Structure

11:00am – Event Opens

11:15am – Opening Ceremony

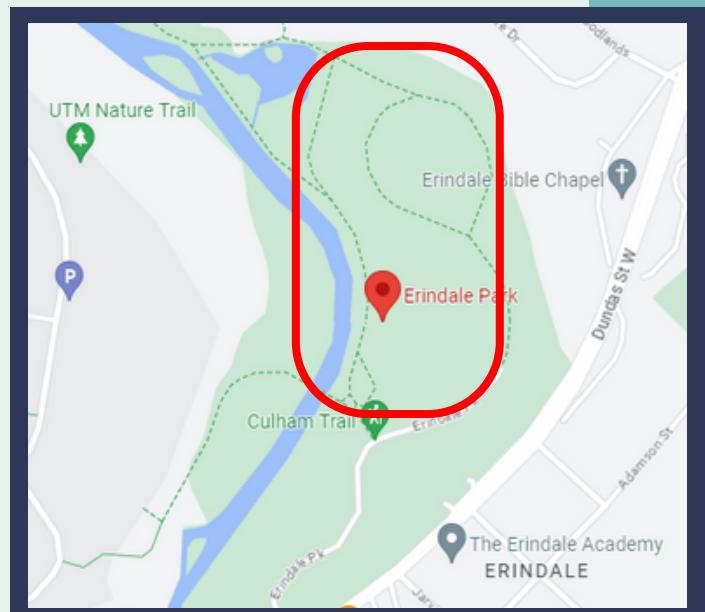

11:45am – Main Event

Presentations

1:00pm – Lunch

1:45pm – Air Show

2:30pm – Awards & Closing
Ceremony

The event will be run within the area indicated above for enough booth + runway space.

Event Notes

David Mota Bustamante
Event CEO

Follow Our Event

We post event updates primarily on our Instagram, and we have a YouTube channel for tutorials & educational content to get teams started. We are also working on a website which houses our sponsor page, event details, and links to our donation & social media pages (links on final page).

Sponsor Scavenger Hunt

To give back to our supporters in a more unique way, we have decided to set up a scavenger hunt, where attendees search for QR codes hidden around the event. These codes will send them to your organization's websites and resources for a fun way to get people involved in what you do! For each qr code found, an entry into the event's raffle will be awarded for more incentive to participate.

Packages

\$750.00 CAD

Platinum

As a Platinum sponsor, you will receive the following benefits:

- Company booth gets a priority spot at the event
- Team prize named in your honor
- Your company's message during opening ceremony
- All Gold and Silver benefits

\$450.00 CAD

Gold

As a Gold sponsor, you will receive the following benefits:

- A special shout-out to your company during closing ceremony + your logo on all nametags & team booths
- Your company's spot in the event's scavenger hunt
- All Silver benefits

\$200.00 CAD

Silver

As a Silver sponsor, you will receive the following benefits:

- Company logo on website
- Special sponsor 'welcome post' on event Instagram
- Logo displayed on printed flyers & social media posts
